

## Special authorisations

School year: .....  
Name intern: .....

### Boarding school attendance (indicate as appropriate)

- **The intern stays at Talententhuis all week.** He/she must be at boarding school at 5 p.m. on Mon, Tue and Thu after school at the latest, on Wednesday at 1 p.m. Deviations are possible in consultation with the boarding school manager and on presentation of the timetable. From 5 pm to 6 pm there is a study with agenda control.
- **The intern goes home every Wednesday afternoon and:**
  - arrives at **5 pm at Talententhuis** and participates in the study.
  - comes at **8 pm at Talententhuis**, study has happened and the intern has eaten.
  - will return **to Talententhuis** on Thursday after school.

### Leisure activity (indicate what applies)

The Intern is **affiliated with a sports club/academy/therapy** (or other) with guidance: **yes / no**

- The intern is **guided by the parents in the transfer** between Talententhuis and the club/academy
- The intern has the **permission of the parents to make the move between** Talententhuis and the club/academy on an independent basis

activity	Day	Hour	Contact person and address
		From..... until.....	

### Our agreements regarding the time of return:

*Because we like to respect the rest and sleeping times of our boarders, we ask you to observe the following agreements:*

- 12-13-14 years: return at 9 pm at the latest (showered and eaten)
- 15-16 years: return at 10 pm at the latest (showered and eaten)
- +17 years: return at 10.30 pm at the latest (showered and eaten)

Any change during the school year will be spontaneously communicated by the parents or the +18-year-old to the manager and educators in writing or by e-mail. Deviations must always be reported in writing or by email by the parents or +18-year-old to the manager and educators on Monday prior to this.

The Talententhuis team has the right to limit and/or withdraw this permission if the study results indicate this. This will be discussed with the parents. Boarders who make use of

this arrangement take into account the time of bedtime. At 10.30 pm at the latest, every intern is present at the boarding school.

### **Boarding school – school transfer**

The intern goes to the school on foot, by personal bicycle or by public transport without supervision. When moving between the boarding school and the respective schools, the boarders are covered by the normal school insurance. If this is not the case for whatever reason, we as parents take all responsibility and therefore consider neither the board nor the staff of the boarding school responsible. By the way, we waive all recourse against boarding school and school and their staff.

### **City game (Wednesday activity)**

It can happen that the boarders play a city game on Wednesdays. The boarders are then allowed to move freely in the city. The boarders have been informed in advance by the educator of the necessary guidelines/rules. Clear agreements are made here. An educator will be at a central point, known by the participating boarders. This educator can be reached on the educator's mobile phone, this number is on our website and is known by our boarders.

### **Multi-media and other personal items**

The internal can be used for mobile phones, laptops, tablets, MP3 players and ... use at your own risk during the agreed times. During the study, only for study purposes in accordance with the rules of life and always under the supervision of the educators. In case of violation, the educator/manager has the right to take these devices into custody upon arrival of the intern at Talententhuis until the departure to school/home. In the event of sanctions, other agreements may apply.

The parent and the intern are responsible for their personal property. If these items are damaged or stolen, the costs cannot be recovered from the boarding school. The costs and/or the compensation for missing objects can **never** be recovered from the management of the boarding school. These things are always at your own expense. (Consult your insurance)

### **Alcohol and drugs**

The possession, use, intoxication, dealing and sharing of alcohol and illegal drugs are not allowed at boarding school

- The alcohol and drugs regulations apply to all boarders. Third parties who enter the boarding school are also subject to it.
- The regulations apply to the boarding school and to the boarding school domain.

The boarding school monitors compliance with this prohibition and can impose a sanction in accordance with the rules of life if violation is established.

By granting these permissions, the signatory assumes all responsibility in the event of accidents or abuses and therefore does not consider the staff members of the boarding school responsible, against whom he/she will waive all recourse in the event of an eventuality.

We also inform you that if your son/daughter would imitate your signature, we will not take responsibility for this

Turnhout,..... **(Be sure to fill in the date, important!)**
